Mad Scientist Trick-or-Treat Party at the Museum & Aquarium

◀A New Trick-or-Treat Event Sponsored by American Trust & Savings Bank▶

Dubuque, Iowa – Oct. 7, 2015—The Dubuque County Historical Society will be celebrating its 27th annual Trick-or-Treat event at the National Mississippi River Museum & Aquarium on Sunday, Oct. 25, from 5 to 7:30 p.m. The event is sponsored by American Trust & Savings Bank with special media partner, Radio Dubuque.

This year a new event will provide a fun, safe, indoor and educational alternative to the traditional Trick-or-Treat on the William M. Black.

The Mississippi River Discovery Center will be turned into a multi-point science lab for kids. Over a dozen fun and engaging science stations will be set up throughout the Museum including: multiple science experiment demonstrations, live animal programs, craft stations, and other hands on activities. All activities will be held indoors.

All children will receive a bag of Trick-or-Treat candy as they enter and collect more candy as they visit the fascinating science experiments. Food and beverages will be available for purchase.

The Mad Scientist Trick-or-Treat event provides an indoor, safe, non-scary and family-fun experience for children 12-years-old and younger. All children must be accompanied by an adult. The event costs \$5.00 per person ages 3 and older and \$4.00 for Members (a 20% discount); regular Museum & Aquarium admission charges do not apply. The Historical Society permits costumes. Additionally, since the event is indoors it is completely wheel chair and stroller accessible.

For more information please call 563-557-9545 or visit www.rivermuseum.com.
